VAN TI PLUS

KNAUS
FREIHEIT, DIE BEWEGT.

YOUR TRAVEL ADVANTAGE ON EVERY ROUTE

Here, we bring together what belongs together: In combination, the manoeuvrability of the KNAUS VAN TI and the automated chassis features of MAN TGE result in a unique motorhome meaning that your desire to travel has no limits. Whether breath-taking serpentine roads or bumpy gravel roads; whether travelling on snow-covered roads or in exotic oases. Drive wherever you want!

8 The garage door and service flaps are optionally equipped with central locking for even more comfort

7 Optionally, the exclusive KNAUS 17" alloy wheels with a striking design and genuine KNAUS DNA ensure strong performance

1. INDIVIDUAL DRIVE CONCEPTS²

Decide for yourself how you want to discover the world. The weight-saving front-wheel drive¹ is a standard fitting, but can be replaced by a dynamic rear-wheel drive or high-traction four-wheel drive to your liking.

2. INNOVATIVE DRIVING ASSISTANT SYSTEM^{1,2}

The emergency brake assistant¹ is part of the VAN TI PLUS standard equipment and protects you from rear-end collisions in dangerous situations. Good to have it, yet better not to need it. ESP¹ and ABS¹, as well as multi-collision brake¹ also ensure increased driving safety. And thanks to the hill driving assistant¹, even steep road surfaces are no problem. You can also equip your VAN TI PLUS with Adaptive Cruise Control (ACC)², active lane departure warning assist² and "Light Assist" high-beam assistant², as well as fatigue detection² and lane departure warning assist² for even greater safety.

3. DYNAMIC DESIGN¹

We paid special attention to a particularly dynamic design when developing the VAN TI PLUS. Flowing transitions to the fender and hood, with integrated cut graphics ensure the homogeneous integration of the cab and body. The dynamic silhouette with its striking light edges and sporty proportions is a real eye-catcher. This also applies to the KNAUS CATEYE evolution – rear tail light with 3-dimensional lighting geometry and dynamic blinker in LED technology.

4. RESISTANT FIBREGLASS CONSTRUCTION¹

The underside of the floor as well as the garage floor are coated with particularly resistant fibreglass. Combined with the XPS insulation, the vehicle is optimally protected against the weather, stone impacts or similar, and it offers optimised insulation values. For you, this means: No cold feet and a particularly long-lasting vehicle quality. With a particularly high content of glass, the high-strength fibreglass roof offers the highest level of hail protection, giving you worry-free and quiet nights, even in bad weather.

5. DURABLE ALU-ALU SIDEWALLS¹

Elaborate aluminium sandwich structures make the entire vehicle construction more stable, more resistant against rotting, and extremely durable.

6. ORGANIZED BOARD ELECTRICS & SERVICE BOX¹

We made sure that everything is easily accessible when positioning the entire supply technology. As a result, you will find a clear area for the on-board electrical system in the rear garage with space for two powerful batteries. Our proven ServiceBox combines all important functions and connections centrally in one place: From fresh water tank filling to a greywater drainage tap. Whether for servicing, maintenance or daily use: You never have to search or work for a long time here, but can quickly return to doing more enjoyable things.

¹Range ²Options

Take everything with you & do not compromise on anything

Highest living comfort is the standard for KNAUS motorhomes. We have taken the level of interior design and detail solutions to a whole new level. So you do not have to do without anything, no matter where you go.

1. EXCELLENT SLEEPING COMFORT ¹

The high-quality 5-zone EvoPore HRC mattresses can be extended by ergonomic WaterGel toppers on request. This makes your night's sleep even more relaxing and luxurious.

2. AMAZING SPACIAL AWARENESS ¹

High levels of glass ensure this cab combines outside beauty with huge levels of natural light inside ensuring a superb feeling of spaciousness.

3. NEW COMFORT BATHROOM ¹

Thanks to the pivoting washbasin wall, the compact bathroom can quickly be turned into a spacious shower cubicle. Numerous storage compartments and perfectly integrated caissons in the side wall provide ample storage space for all cosmetics.

4. DIMMABLE AMBIENT LIGHTING ²

Roof cabinets, storage compartments, counter tops, wall units, canopies: wherever atmospheric light makes your holiday more beautiful, we rely on our integrated, dimmable ambient lighting.

5. NETWORKED ONBOARD ELECTRICAL SYSTEM ²

From lighting control to air conditioning and heating to water supply and battery management: Everything can be controlled centrally via our KNAUS smart CI thanks to the networked onboard electrical system. For you, this means: No long searching, but quick and easy adjustment according to your wishes.

¹ Range

² Options

You have the choice: Which drive concept suits your holiday dreams? You are optimally equipped on rough terrain With the high-traction 4-wheel drive

Relaxation PLUS. After their long Trip, Cora and Tino are looking forward to jumping into the sea and then relaxing in their VAN TI PLUS 650 MEG.

VAN TI PLUS 650 MEG

VAN TI PLUS 700 LF

My tip

Jürgen Thaler, Product Manager
KNAUS Motorhomes

"The only thing that makes the VAN TI PLUS even better is the 4-wheel drive: it's worth it 100%. Of course, I have driven it myself and am totally thrilled. The fast, tight cornering, optimum traction even in snow and slippery conditions, and a unique driving experience speak for themselves. And all this is available at an unbeatable price."

Living comfort PLUS. Sitting in the cosy seating area, Cora and Tino can talk about their many impressions of the trip. And immediately plan their next destination.

1. Networked onboard electrical system. If you opt for the optional EnergyPlus package, you'll also get the easy-to-use touch control panel. This allows you to centrally control and check all installed units: Light, all tank fillings and the battery capacity.

2. Open visual axis. The new, innovative room concept gives you a particularly open living space, which offers you freedom of movement thanks to the infinitely variable floor space and optimised access to the seating area. And that despite compact external VAN dimensions.

The ambient lighting creates a particularly pleasant light and can be individually dimmed.

The transition from living space to the cab is as if made using a single mould and therefore ensures a particularly harmonious overall appearance

Textile wall coverings and pleated curtains, which are matched to the upholstery, ensure a coherent overall image and optimised room atmosphere

LOUNGE OVERVIEW

VAN TI PLUS 650 MEG	Bench
VAN TI PLUS 700 LF	L-bench with side seat

KITCHEN OVERVIEW

VAN TI PLUS 650 MEG Galley kitchen
 VAN TI PLUS 700 LF Corner kitchen

Enjoy PLUS. With this sophisticated kitchen, you will want to cook using all the spices of the world. Fortunately, Cora and Tino have bought a decent amount of supplies at the market.

1. Extra space. The counter-top extension can be folded out very easily and offers more space for cutting and preparing. And you will find space for your purchases in the exclusive KNAUS multifunction storage bag (optional) on the KOMFORT door.

2. High-quality kitchen back wall panelling. In the same decor as the work surface, it fits harmoniously into the overall image and can be easily wiped. Even if you splash during cooking, that's no problem at all.

BED & BATHROOM OVERVIEW

VAN TI PLUS 650 MEG 2-3 with comfort bathroom
VAN TI PLUS 700 LF 2-4 with longitudinal bathroom

Dreaming PLUS. Cora and Tino can sleep well and dream of new destinations in the more than 2-metre-long single beds with super comfortable EvoPore HRC mattresses.

2. Turn 1 into 2. A clever swing wall in the comfort bath ensures that you quickly have an extra generously sized shower cubicle. A smart magnetic closure simply seals the shower door watertight.

1. Lots of storage space. Perfectly integrated caissons in the swing wall offer plenty of space for all your cosmetics. Especially handy: The already integrated cosmetic towel dispenser.

OUR UPHOLSTERY & DECO PACKAGES

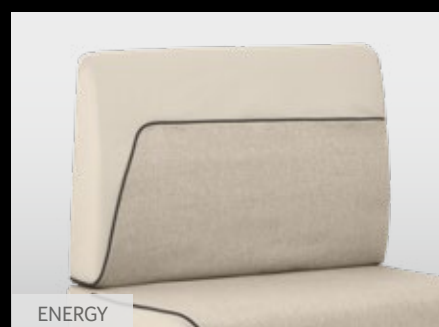

Design the interior of your VAN TI PLUS individually with our varied upholstery and fabric options. Our ACTIVE LINE upholstery features reliable stain protection whilst also being water- and oil-repellent. Do you have to go outside to enjoy a glass of red wine? Sure, if you wish. However, that shouldn't be because you're worried about staining the furniture.

At the time of printing (08/2018) information regarding the scope of delivery, dimensions, and weights as well as the appearance are based on our current state of knowledge. We reserve the right to make amendments to equipment, technical data, the scope of delivery, and prices. After contracts have been concluded, technical amendments to the structure are reserved provided that they are made due to technical progress and are reasonable for the customer. Minor changes in condition and in colour are also - after conclusion of contracts - reserved provided that these could not be avoided due to the nature of the material, and that they are reasonable for the customer. In some cases, figures show optional equipment that is available at additional cost, or equipment features from prototypes/studies that are not standard and are not available individually as optional equipment. Colours may appear altered due to the printing process. Before purchasing a vehicle, please consult a suitable authorized dealer who can provide you with comprehensive information and advice about all the latest models. The decorations illustrated in the catalogue are not included in the scope of delivery. Please also consult the information contained in the current price list, particularly with regard to weights, vehicle load capacities and tolerances. May only be reproduced in whole or in part with the prior written permission of Knaus Tabbert GmbH. Errors and omissions excepted.
