HOW WE BECAME WHO WE ARE

From the past straight to the future. The KNAUS SCHWALBENNEST made holiday dreams a reality over 50 years ago. With the VW Beetle and 34 HP it used to go over the Brenner Pass straight to Italy. Today we show with the CARAVISIO what caravanning could look like in future. And of course without forgetting our roots in the process. With the KNAUS SÜDWIND, one of the first models in our company's history still features in the range. With the latest technology and plenty of tradition.

1960

The success story begins.
Helmut Knaus founds KNAUS in the Franconian town of Marktbreit.

1982

We are celebrating a major anniversary. The 125,000th Schwalbennest rolls of production in Jandelsbrunn.

1985

A company growing fast. The KNAUS Schwalben change their flight path. Business rises sharply.

1961

Our first milestone. The legendary Schwalbennest goes into serial production and makes holiday dreams reality.

1962

The icon is born. The KNAUS SÜDWIND celebrates its premiere at the Caravan Salon in Düsseldorf.

1970

Time for increased capacities and new headquarters. Our main factory in Jandelsbrunn is established.

1973

The reward for his courage and pioneering spirit. Helmut Knaus receives the Federal Cross of Merit.

2010

50 years have passed. KNAUS has become one of the most successful manufacturers of leisure vehicles.

2011

The Schwalbennest makes a return. Limited to 150 models, our little space wizard is sold out immediately.

2013

From the past back to the future. With the CARAVISIO we present the caravan for tomorrow.

2015

The revolutionary Caravan study TRAVELINO shows future possibilities in lightweight construction.

OUR BRAND VALUES

People and their needs are at the focus of our efforts – because the KNAUS brand stands for the perfect balance of contemporary design and reliable function. We are committed to providing our customers with the ultimate quality. That is why we continually work on improving our products and processes. The symbiosis of industrial perfection and passionate innovation has taken us to the top of the industry and our love for caravans ensures that we will stay there too.

OUR IDEA FACTO- RIES

We invest in our factories. And above all in our employees. We have set up two ultra-modern production sites: one in Jandelsbrunn in Lower Bavaria and one in Nagyoroszi in Hungary. We employ over 1,000 people, many of whom have already been with us for over 30 years. This is because they enjoy the best conditions with us, they can get further training and we pay them more than fairly.

RECIPE FOR SUCCESS

For the KNAUS brand, freedom is the balance of design and function for all our products. Because a wonderful detail is of no use if the function suffers as a result. That is why it is our ultimate aim to combine both worlds to make the very best. With traditional Lower Bavarian craftsmanship, high-quality materials and plenty of passion. And so that it remains that way too, we work day in day out at full speed on trendsetting, new solutions for the most enjoyable and independent way to travel. Studies like the CARAVISIO and also the TRAVELINO show: not only do we have the drive to look for new directions, but also the courage to follow them.

SIMPLY BEAUTIFUL TO LOOK AT

Whether it is atmospheric ambient lighting, elegant and high-quality cabinetry, the well-placed windows, or perfectly finished leather texture foil. It is the many small and big details that provide a wonderful feeling of space and make a KNAUS caravan so special overall.

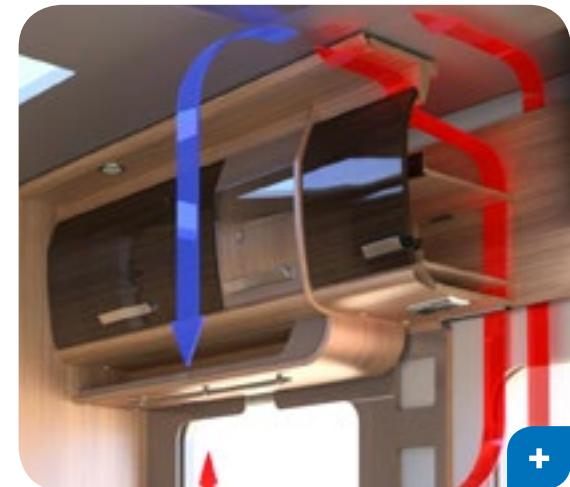

AND AT THE SAME TIME FUNCTIONAL

Because every KNAUS caravan is wonderfully fit for everyday holidays. On our drawers we make sure that they pull out particularly far, that the storage space under the beds is always ideally accessible and that there is a small LED in the wardrobe so that you can always find what you are looking for.

FEEL WONDER- FULLY GOOD

Who says that a caravan cannot be a lounge? Not only are we always on the lookout for innovative living concepts, we also put them into practice. And so that you are able to enjoy your holiday wonderfully rested, we fit our excellent 5-zone comfort cold-foam mattresses in every KNAUS caravan.

THANKS TO THE BEST FINISHING

We are the measure of all things – especially when it comes to cabinetry. Because in our own joiner's workshop, furniture is made with perfect rear ventilation, in an elaborate integral design with hidden cable routing and extremely sturdy dowelling technology. Your KNAUS caravan is thus prepared for many years of holiday adventures.

KNAUS INSIGHT

Károly Kubicsek – KNAUS Project Manager
DESEO. KNAUS – for me that means tradition and freedom. Planning and controlling the construction of a caravan from the initial idea to the finished vehicle is a demanding but incredibly exciting task.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS DESEO at www.knaus.de/deseo or simply scan this QR code.

DESEO 400 TRANSPORT . ACTIVE ROCK

YOUR NEW BASE CAMP

The KNAUS DESEO is the adventurer of caravans. Pack the paraglider and drive off to the mountain. Has it been raining for days and created a real mudbath on the car park? No problem. The DESEO is not afraid of a bit of dirt.

CONVERTIBLE

From a hot oven to a warm meal in just a few minutes. Only the KNAUS DESEO can do that.

CENTRAL

With the heating control system in the DESEO, you banish the cold in no time at all.

PRACTICAL

If the seating group is not needed, it easily disappears in the side sections. In this way the full interior width remains usable as storage space and you have room for motorbikes, paragliders, surfing equipment and the like.

PROVIDED

In the KNAUS DESEO, not only is there room for your sports equipment, but naturally also everything you need on your travels. For these things, a spacious wardrobe and useful wall units are at your disposal.

DELUXE FIREPLACE

Three days of ravioli on a wobbly camping cooker keep you full, but it's not really the best solution. Cook once in the KNAUS DESEO and you will never want to miss the comfort again. You are well looked after with the 2-burner hob and large storage area.

HOT

Certainly the KNAUS DESEO is not about luxury, but being able to cook pasta and sauce on the practical 2-burner stove at the same time is a certain convenience that you definitely would no longer want to go without.

WELLNESS OASIS FOR ADVENTURERS

Irrespective of where you are travelling, you always have your own personal refuge with you. The KNAUS DESEO has a comfortable toilet cubicle because it is then easier to be independent. The main reason we built it was for places without conveniences.

CLEVER

Every corner optimally utilised. The bathroom holds enough space for everything a man needs on the his travels. And even if a woman joins him on the journey, the DESEO still has plenty in reserve.

SLEEPING MAT WAS YESTERDAY

You can never have enough space, and certainly never enough berths. Would you have thought that two motorcycles and two people could sleep at the same time in such a compact caravan? The optional lift-up bed makes it possible. And unloaded, four people even have room on two times 200 x 140 cm.

LARGE CINEMA FOR FAMILIES

The DESEO is not only an excellent travel companion for motorcycle riders and extreme sports enthusiasts, but also for the family holiday. With its bunk beds in the rear and the seating group that converts to a double bed in seconds, it has everything you need. And of course a bit more. Because with its new interior design, it has become really attractive.

THOUGHT THROUGH

Comfortable and quickly converted. A really good night starts here on 201 cm x 138 cm.

PRACTICAL

If the bottom bed is not needed, it can easily be folded back up for more storage space.

FANTASTIC

The folding table disappears in the cupboard in no time. And above it there is even room for clothes. Even at the risk of repeating ourselves: the DESEO is simply a genuine space wizard.

SECURE

50 % mobile home. 50 % transporter. And yet no half measures. The guide rails are attached to the vehicle floor and, together with the lashing rings, make a professional loading system. That is exactly how it has to be.

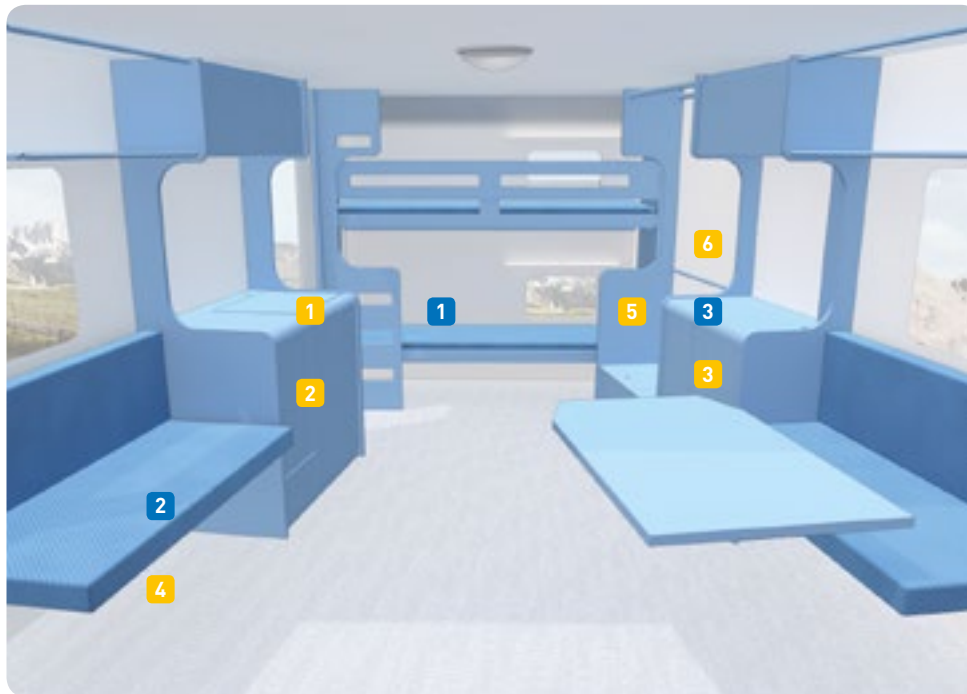

LARGE FLAP

Naturally motorbikes can also be taken on your travels. Thanks to the lashing rings countersunk in the floor and the sturdy holding device, they are securely held in place and at the same time enjoy superb travel comfort. Your sports equipment cannot be transported more comfortably.

DESEO 400 LKK

Your KNAUS DESEO 400 is really flexible and in particular: much more than you think. You can equip the caravan as you wish to meet your individual needs: from a clothes cupboard to a complete kitchen.

SPORT&FUN

OUR LIFESTYLE LOADER

The legendary KNAUS SPORT&FUN is back. And better than ever before. Because our dynamic Lifestyle load master combines the best of two worlds. Progressive design and an unbelievable amount of room for plenty of action. Rear door open, bikes in, camping equipment into the huge bow compartment and off you go. Wherever you want and for as long as you like. The SPORT&FUN is the extreme sports athlete of caravans.

+ 920 mm wide rear door

KNAUS INSIGHT

SPORT&FUN 480 QL . PETROL FUN

AN ATHLETE IN TOP FORM

The SPORT&FUN not only transports two motorbikes if needed, but also an attitude to life. Always ready for anything that may come. And at the same time it is a full-fledged caravan, extremely functional and also very stylish. A genuine all-rounder in fact.

FLEXIBLE

You will sleep soundly in the height-adjustable bed (optional). No matter what height you are at. For more room in the bow compartment, you move it up. To make it easier to get on, move it down. The world can be so simple sometimes.

ROBUST

So attractive that you don't even notice how robust it is. The floor in yacht finish in the SPORT&FUN.

PRACTICAL

The cube provides an extra seat. No matter where you may need it.

INGENIOUS

Although the SPORT&FUN is an absolutely full-fledged caravan, it can easily take two motorbikes or alternatively a great deal of luggage on your travels. The fold-up bed not only makes it possible, it's also child's play.

HOLIDAY ON A PLATE

Holidays make you hungry and cooking in the SPORT&FUN is a lot of fun. With the large refrigerator, robust CPL work surfaces, 3-hob stove and practical sink, it provides you with a full-fledged kitchen. And incidentally, this caravan also has room for two hot ovens.

HOT

When we talk about being full-fledged, we mean it too.
Our proof: the large 3-hob stove.

PRACTICAL

We turn every corner into a storage space so that you can easily fit everything in.

COLD

Such a big refrigerator in such a compact caravan? Well, if that isn't a masterstroke.

PRACTICAL

Hammocks are usually something for people. It looks quite different in this one here, however. Here, t-shirts, laptops and everything that would otherwise be strewn everywhere, feel right at home.

CLEVER

How do you build a genuine space wizard? Quite easily. With intelligent solutions and high-quality materials. The round shape of the seating group allows a storage shelf to be integrated, which at the same time is also a bedside table.

UP AND DOWN TIME AFTER TIME

That is precisely what is special about this bed. It can be folded up. Depending on whether much or little room is needed in the bow compartment underneath it. But naturally the bed itself is also really good. Our excellent 5-zone comfort cold-foam mattress makes sure of that.

SPORT&FUN 480 QL . PETROL FUN

AND NOW BRING ON THE WATER

A full-fledged bathroom including shower (optional) in such a compact caravan, which still provides an unbelievable amount of storage space, is not at all easy. But we have managed it. With masterly cabinetry and really good ideas. That is KNAUS. That is the balance between function and design.

INGENIOUS

When there is really no room for a shower (optional), then you just have to make some. The pull-out shower tray and the shower curtain with a rail at the top are further highlights of our absolute space wizard.

GO ON HOLIDAY IN THE LIVING SPACE WIZARD

This is what a genuine top value for money looks like. The living space in the KNAUS SPORT shows a lot of attention to detail. The gap dimensions are perfect, the materials feel really good and the handles don't just look like metal, they actually are.

PRACTICAL

The entrance area already has plenty of storage space for your holiday enjoyment.

CONJURE FANTASTIC MEALS

The kitchen in the KNAUS SPORT can be best described in two words: impressively full-fledged. We really have done everything so that you can peel, chop and stir with passion here and, of course, not let anything burn.

STABLE

The wide drawers glide out smoothly. Nothing rattles, nothing wobbles.

FRESH

The 109 l refrigerator with freezer compartment and optional gas operation during the journey.

HIGH QUALITY

Two-part storage unit flaps with elegant metal handles and lovely appearance.

HOT

The high-quality 3-hob stove even takes large pans easily. That is exactly how it should be.

PRACTICAL

Take a look at how many kitchen utensils fit into the spacious drawers. And thanks to the practical full extension function, they pull out far enough so you can easily reach everything right at the back.

SLEEP IN A GOOD NEIGHBOURHOOD

Deep sleep naturally demands a high-quality dream landscape. And this goes without saying in the KNAUS SPORT. You always lie in the right position on the 5-zone comfort cold-foam mattress. The reading lamps can be positioned as you wish and the soft head piece in leather look is a pleasure to look at.

CLEVER

What use is storage space if it is difficult to get to? Be it from outside or inside. In the SPORT everything is always ideally accessible. The large outside flap and the folding slatted frame on the single beds ensure this.

ELABORATE

In the bedroom it is all about creating a cosy atmosphere, which is why we have lined the walls with foam, covered them with imitation leather and given them an ideal finish. That not only looks good, it feels good too.

BED OPTIONS

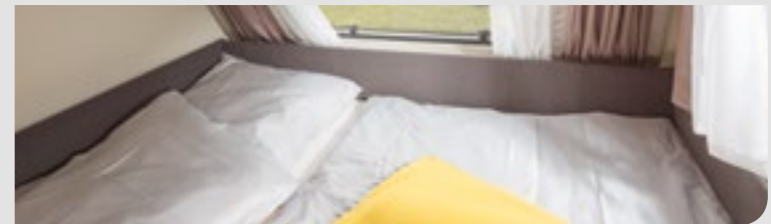

HIGH

Normal beds are boring. You can neither climb up them nor argue about who sleeps on top.

NICE

The three quarter bed saves space to the benefit of the rest of the floor plan.

HUGE

There is plenty of space here for moving around and for little visitors from the bunk bed.

FEEL-GOOD BATHROOM

Have you seen a lot of bathrooms? Super, then you will love this one. We are only satisfied when you are one hundred percent satisfied with your bathroom. We have created a homely ambience with lots of wood that feels as good as it looks. And thanks to ideal space usage with a lot of storage areas, one thing you will always find here, is: Room to move.

BATHROOM OPTIONS

QUALITY

The tap not only feels very high quality, it really is.

CLEVER

LIFESTYLE

OUR TREND- SETTER

The KNAUS LIFESTYLE is impressive. With an innovative living concept, which we designed very differently to what you'd expect, but turned out exactly the way you want. The unique bar counter, where the whole family finds its favourite place, and the huge lounge seating group provide an unprecedented living space experience. Let's hear someone say again that all caravans look the same.

RELAXING

The seating corner flooded with light from the panorama window not only makes it possible but also pure enjoyment.

UNIQUE

The revolutionary lounge layout plan combines urban design and a trendy colour concept with red contrast elements and modern materials. Not forgetting: The many practical details, such as the spacious wardrobe.

INGENIOUS

The couch table simply comes out of the seat bench and disappears again when it is not needed.

UNIQUE

The bar can accommodate all sorts of spirits and, of course, family-friendly drinks.

THE LOUNGE TO TAKE WITH YOU

Urban design meets Lower Bavarian craftsmanship. And in next to no time, the LIFESTYLE lounge becomes a comfortable double bed. The innovative and unconventional living room concept provides a distinctive ambience. The KNAUS LIFESTYLE has more than others promise.

HOLIDAY ON THE KITCHEN ISLAND

Holiday makes you hungry. And cooking is fun. The KNAUS LIFESTYLE kitchen is made perfectly and arranged clearly. The unique bar counter provides lots of room for hungry holidaymakers and serves as a spacious worktop during preparation. The perfect combination of function and design, that is our motivation.

STYLISH

With the LIFESTYLE, we consistently struck out in a new direction. A caravan was thus made into an urban loft with a modern and minimalist design. And all in tried-and-tested KNAUS quality of course.

HOT

Unassuming and reliable. Even in the LIFESTYLE, not everything has to be somewhat outlandish.

PRACTICAL

The extra-deep sink in the kitchen island even takes on tall pots.

FANTASTIC

Who wants a dining table when they can have a large counter with bar stools? Especially when it is so spacious and practical. Because underneath the seat bench, not only is there a spacious storage compartment but also a step for the little ones.

ADVENTUROUS

Even the wildest tearaways fall peacefully into bed here. Whether you also want to go to bed is another question. In any case, the separate lighting helps against evil monsters.

ATMOSPHERIC

What would a stylish loft be without the lighting to match? Only half as attractive in any case. That is why we have fitted extra ambient lighting on the wall units, in the swallows nests and behind the curtains.

PRACTICAL

In the swallows nests above the bunk bed there is room for everything that makes your holiday a little bit nicer. Interesting books, funny comic books or a tablet so that you can play in secret under the covers.

STRETCH OUT AND GO TO SLEEP

Sleeping in the KNAUS LIFESTYLE is just great. Gigantic 212 x 160 cm provide a good night's sleep and certainly the strength as well for many new holiday adventures . We have simply thought of everything so that, just for once, you don't have to worry about anything and can just relax.

WELLNESS BATHROOM

The daily freshness kick for motivated holidaymakers awaits you in the LIFESTYLE. High-quality materials, plenty of storage space and the large washstand are ready for all aspects of daily life. We can't guarantee that cleaning your teeth is more fun here than at home, but we have done everything to make it possible.

INGENIOUS

Thanks to the high-end shower hose, the bathroom turns into a spacious shower cubicle in no time.

CONVENIENT

Naturally also in the LIFESTYLE: our high-quality, rotating cassette toilet. Sounds good, doesn't it?

Z.B. SÜDWIND 580 QS

ORGANISED

With equally refined and practical details and cabinetry made by experts, we create a particularly large work surface. High-quality taps and elegant metal handles please the eye.

ROBUST

As big as possible. Nice to look at and ready for many years of peeling, chopping and washing. That is the worktop in the KNAUS SÜDWIND. You also have to think of the details. And that is what we do.

DEEP

Tall pans? No problem. The extra-deep stainless-steel sink takes on any opponent.

PRACTICAL

Pot and pan have room together on the large 3-hob stove. That saves a lot of time.

CONJURE UP IN THE CHEF'S KITCHEN

Here, highest expectations meet good taste. The large worktop in the KNAUS SÜDWIND with its extra-wide soft-close drawers allows you to cook with passion instead of necessity.

MERELY CONVENIENT IS TOO LITTLE FOR US

You can have a lovely rest in the KNAUS SÜDWIND. The head and side pieces have super soft lamination and are covered perfectly. If you need a third reading lamp, just take one from the front and fix it into the rail here.

WONDERFUL

In the SÜDWIND it is not just about what you need, but what you would like. Because headboards with ambient lighting are naturally not really necessary, but simply wonderful to look at.

COMFORTABLE

The excellent KNAUS 5-zone comfort cold-foam mattresses are among the best that you will find in a caravan. And because we know how important a good night's sleep is, we have naturally also fitted them in your new SÜDWIND.

LUXURIOUS

The vitrine with ambience lighting shows the fine glasses at their best.

Lots of light and extremely stable furniture in integral design with ideal rear ventilation. Together with many elements in leather look and manufacturing quality searching for its match.

ELECTRIFYING

The USB socket supplies fresh energy to tablets, smartphones etc.

NOBLE

Elaborate, finest furniture design with elegant metal veneering.

BETTER LIVING

It is nice when you can spend your holiday in quality surroundings. Even better when you can take them with you everywhere. From the high-gloss surfaces in the kitchen, the real wood edging on the table and the many appliqués in a leather finish, through to the beautiful upholstery.

AWARD-WINNING CUISINE TO GO

Pleasure starts with cooking in this kitchen. We had great fun planning every detail.

The drawers open smoothly and all the way, while the additional worktop can endure even heavy-duty tasks and still shines as good as new after several years.

BRILLIANT

Shiny outlook. The particularly deep stainless steel sink with an elegant tap.

ATMOSPHERIC

By cleverly placing the LEDs, the ambient lighting in the drawers provides plenty of light.

PRACTICAL

The drawers with full extension and soft-close function make cooking child's play.

KITCHEN OPTION

HUGE

It goes without saying that our flagship 750 UFK also gets an extra-large kitchen.

ALL'S WELL THAT SLEEPS WELL

Deep sleep is a booming business here. The head and side-rests are lined with foam and elaborately covered with imitation leather. Depending on the floor plan, a large panoramic window ensures plenty of natural light. It is a shame really that your eyes aren't even open here most of the time.

GREAT

Folding single beds are indeed a nice thing. That is why they also come as standard in the SÜDWIND EXCLUSIVE. And so that everything works wonderfully easily, we have installed powerful gas pressure absorbers.

ERGONOMIC

Our 5-zone comfort cold-foam mattresses are among the best that you will find in a caravan. And this is precisely why we've put one in the SÜDWIND EXCLUSIVE.

BED OPTIONS

EXCITING

Climbing, playing, sleeping. For the little ones there is nothing nicer than bunk beds.

COSY

The three quarter bed saves space so you feel you have more.

BATHROOM OPTION

PLAYFUL

Do you love something special? So do we. Proof: the shapely washstand tap with a small waterfall. That is simply a lot of attention to detail.

SPACIOUS

Plenty of storage room in the base cupboard. Because we simply make the best use of every corner so that you can easily stow everything that you would like to have with you on holiday.
