HOW WE BECAME WHO WE ARE

From the past straight to the future. The KNAUS SCHWALBENNEST made holiday dreams a reality over 50 years ago. In the meantime, KNAUS is one of the most successful brands in the industry and has also been represented in the motorhome sector for almost 30 years. And of course without forgetting our roots in the process. With the KNAUS SKY TRAVELLER, the first KNAUS motorhome still features in the range. With the latest technology and plenty of tradition.

1960

The success story begins. Helmut Knaus founds KNAUS in the Franconian town of Marktbreit.

2004

The SUN TI, with its large panoramic roof, becomes the role model for an entire category of vehicle.

2006

Successful cooperation with ADAC: Germany's biggest rental network for motorhomes emerges.

1970

Time for increased capacities and new headquarters. Our main factory in Jandelsbrunn is established.

1973

The reward for his courage and pioneering spirit. Helmut Knaus receives the Federal Cross of Merit.

1988

The TRAVELLER becomes the first KNAUS motorhome and Promobil magazine's "Motorhome of the year".

1996

With the Travel-Liner, we now have integrated motorhomes in our range. And with great success.

2010

50 years have passed. KNAUS has become one of the most successful manufacturers of leisure vehicles.

2012

The SKY i rings in a new generation of integrated motorhomes and boasts impressive function and design.

2013

And another major anniversary: we celebrate 25 extremely successful years of KNAUS motorhomes.

2015

After a few years without liners, we announce our return to the luxury segment with the KNAUS SUN i.

OUR BRAND VALUES

People and their needs are at the focus of our efforts - because the KNAUS brand stands for the perfect balance of contemporary design and reliable function. We are committed to providing our customers with the ultimate quality. That is why we continually work on improving our products and processes. The symbiosis of industrial perfection and passionate innovation has taken us to the top of the industry and our love for motorhomes ensures that we will stay there too.

OUR IDEA FACTO- RIES

We invest in our factories. And above all in our employees. We have set up two ultra-modern production sites: one in Jandelsbrunn in Lower Bavaria and one in Nagyoroszi in Hungary. We employ over 1,000 people, who enjoy coming to work in the morning and always give their best. This is because they enjoy the best conditions with us, they can get further training and we pay them more than fairly.

RECIPE FOR SUCCESS

For the KNAUS brand, freedom is the balance of design and function for all our products. Because a wonderful detail is of no use if the function suffers as a result.

That is why it is our ultimate aim to combine both worlds to make the very best.

With traditional Lower Bavarian craftsmanship, high-quality materials and plenty of passion. And so that it remains that way too, we work day in day out at full speed on trendsetting, new solutions for the most enjoyable and independent way to travel. Studies like the CARAVISIO and also the TRAVELINO show: not only do we have the drive to look for new directions, but also the courage to follow them.

COURAGE TO
INNOVATE

PLENTY OF
FUN

TRADITIONAL
CRAFTSMANSHIP

SIMPLY BEAUTIFUL TO LOOK AT

Whether it is atmospheric ambient lighting, elegant and high-quality metal handles or perfectly finished leather texture foil. We make sure that you feel good all round on holiday – because this is when you do need a bit more than you actually need.

AND AT THE SAME TIME FUNCTIONAL

Since, unlike many others, we integrate ventilation ducts in the cockpit dashboard for optimal front windscreen heating and install windscreen wipers which we developed ourselves that fit the windscreen perfectly. Our exterior doors have the new, practical single-handed operation feature and the service box houses all the important connections.

LATEST TECHNOLOGY

The SUN TI was launched during the last model year, now there is the innovative central control unit smartCI for lights, heating and lots more. These are also available in the SKY i and the new SUN i. Yet the best is still to come: you can now use the optional Wi-Fi module to control all functions conveniently via a smartphone or tablet.

MEETS THE BEST FINISHING

In our own factory joinery we build furniture that is simply the measure of all things. With perfect rear ventilation and elaborate integral design. Because with our brand new top value superstructure technology, we combine perfect stability and optimal longevity.

ON THE ROAD IN WINTER TOO

Thanks to insulated sidewalls in sandwich construction, a double floor and Alde hot water heater with optimised hot air ducting for clear windows and integral cabinetry of the highest class with perfect rear ventilation, your KNAUS motorhome rises to peak form even at low temperatures. Guaranteed.

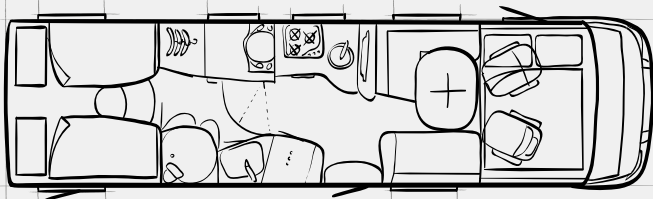

AND MADE LIGHT WORK

We want to become the industry leader when it comes to lightweight construction and are well on our way to getting there. All motorhomes have been made up to 60 kg lighter, VAN i and SKY i even over 100 kg. And at the same time with increased functionality. Because we save weight by means of new materials and intelligent designs. Not by leaving out equipment.

FROM THE IDEA TO KNAUS

04. FLOOR PLAN DEFINITION

Here we clarify which versions are on offer. Family floor plan or the perfect shape for two people?

01. IDEA + OUTLINES

What kind of holiday do you want?
A compact motorhome or
something big and luxurious?

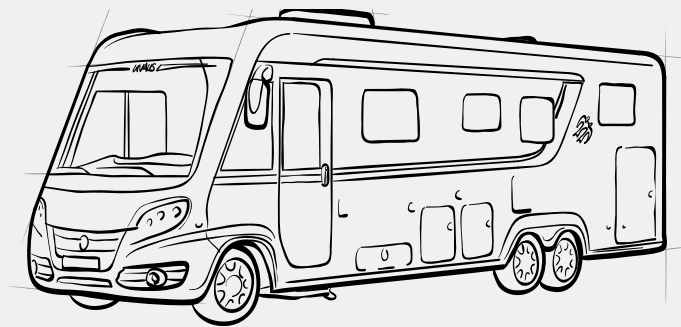

02. ANALYSIS

For whom is it intended? How much
can it cost? All the important key data
is explained in the market analysis.

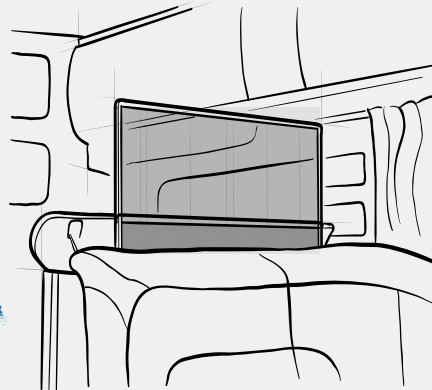

05. EXTERIOR AND INTERIOR DESIGN

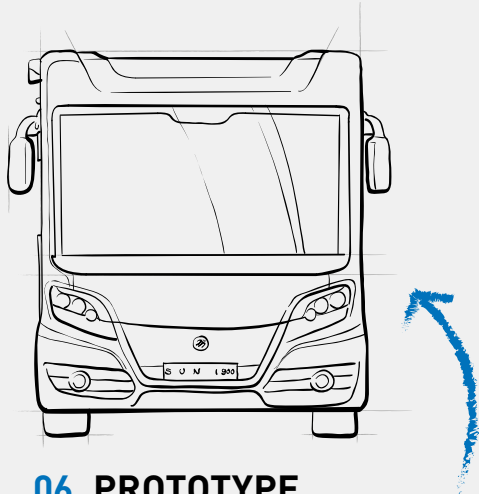

Classic or modern and outlandish? The
design is a key to success. What is cer-
tain: it should be attractive.

03. DECIDING ON KEY FEATURES

A television that can be lowered into the seat
bench and a pull-out floor storage compart-
ment? It is all about the highlights here.

06. PROTOTYPE

The idea takes a tangible shape for the first time. An initial prototype is created in the development department.

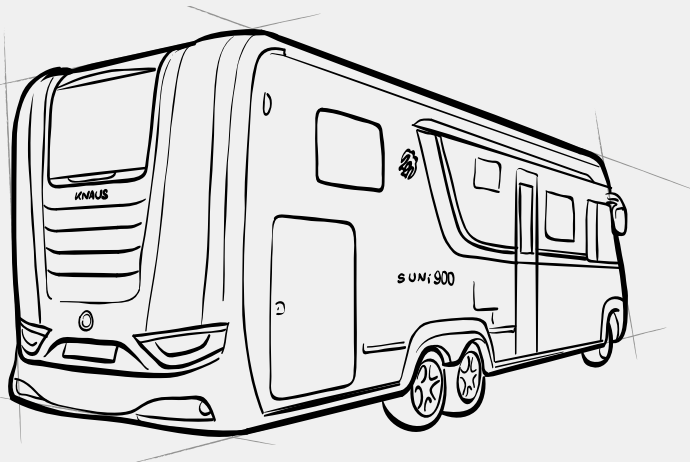

09. DELIVERY TO CONTRACTING PARTNERS

The last stage before the happy new owners. Our dealers take delivery of the motorhomes.

07. PILOT SERIES

The first units roll off the line and are closely inspected. A new model is always a challenge.

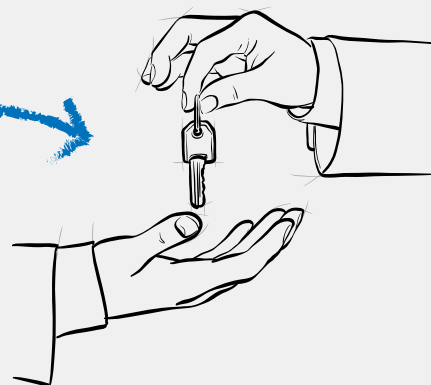

08. SERIES PRODUCTION

All tests passed. This is where it starts. The new motorhomes will soon be going on holiday.

10. HANDOVER TO THE CUSTOMER

Our new model has reached its destination and is best prepared for many years of dream holidays.

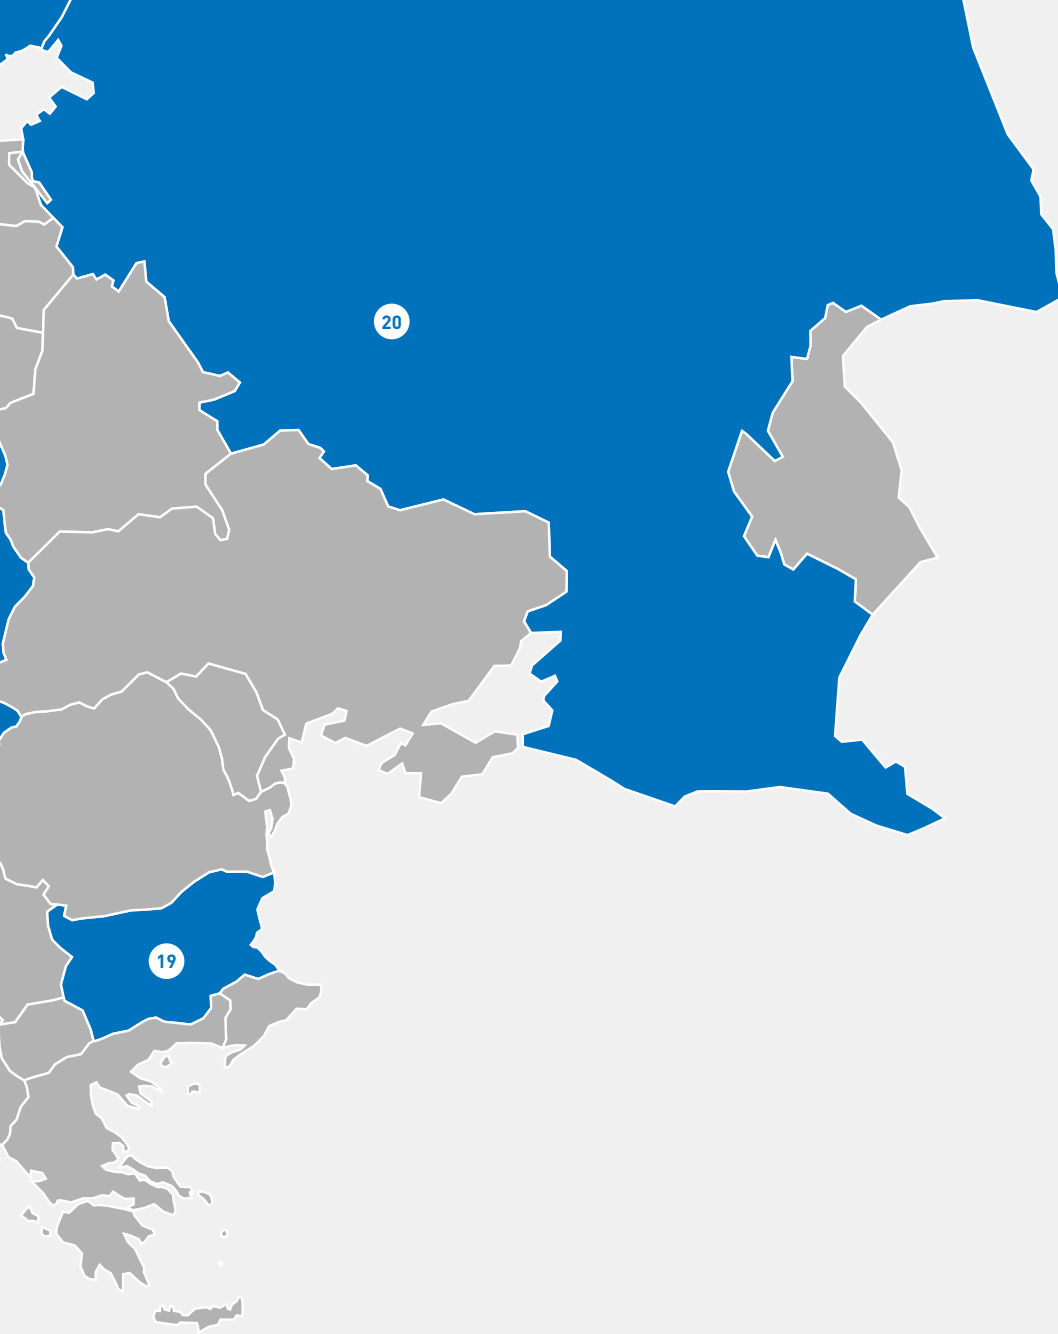

11. FACTORY TOUR

Would you like to witness live and on site how a KNAUS motorhome is made? Find out more at www.knaus.de/knaus/werksfuehrung or simply scan this QR code.

OUR STRONG PARTNERS

Outstanding motorhomes deserve an outstanding dealer and workshop network. And that is what we have. With strong partners in over 20 countries and even beyond, we make sure that you are best looked after at all times.

reddot design award

VAN TI

OUR SLEEK ATHLETE

We have made the KNAUS VAN TI big enough for a real motorhome feeling but compact enough for bendy coastal roads. With its dynamic frame looks, it turns heads and draws all eyes to it. The attention to detail can be seen inside and out in the beautiful round shapes and numerous applications in the finest leather finish. Truly one of the very few sights worth seeing under 3.5 tonnes. And that with an ample payload at an outside width of just 2.20 m.

+ Dynamic frame looks

+ Low unladen weight

+ Excellent design

+ A genuine space wizard

SENSATIONAL

With the curved roofline and the elegant mouldings on the rear, the VAN TI is definitely the a top design among compact motorhomes.

SECURE

Thanks to Orgafix, everything stays where it belongs.

MODERN

Our Cat-Eye hybrid rear lights with LED technology.

FITTED AS STANDARD

Robust GRP roof and 50 mm sandwich floor.

PRACTICAL

The service box houses all the important connections.

ELEGANT

Plastic mouldings create a dynamic roofline.

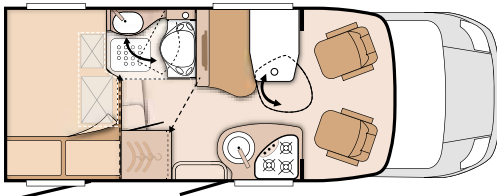

ELABORATE

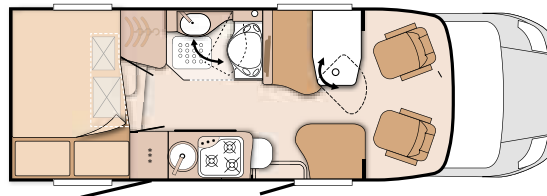

The exterior doors with single-handed operation feature.

SPATIALLY WONDERFUL

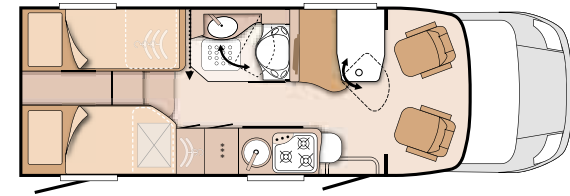

Only 2.20m wide and in the 550 MD version less than 6m long, yet at the same time a full-fledged motorhome with record-breaking payload and guaranteed driving pleasure.

VAN TI
550 MD

VAN TI
600 MG

VAN TI

KNAUS INSIGHT

Christian Stockinger – KNAUS Project Manager VAN TI. A fantastic place of work with super colleagues and great solidarity. This is what KNAUS offers me. Every VAN TI that I see on the road gives me the satisfaction of knowing: All the hard work was really worth it.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS VAN TI at www.knaus.de/vanti or simply scan this QR code.

LIVING SPACE WIZARD

If a compact motorhome is to satisfy all wishes, it needs furniture from a master's hand. Combining a high art of engineering with loving attention to detail, we have used every centimetre efficiently and created many elements covered extravagantly with fine leather structure foil.

VAN TI 650 MEG . INDIAN SUMMER

LIVE IN BEAUTIFUL SURROUNDINGS

The perfect place for many pleasant hours on your travels. Whether it is in Tuscany in summer or en route to the North Cape. On the elegant and spacious side seating group with extra-wide seat cushions and ergonomic shaping, you will be seated in wonderful comfort at all times.

HUGE

The optional panoramic skylight lets plenty of natural sunlight into the VAN TI.

PRACTICAL

The shapely swallows nests make every little corner into a new storage space.

COSY

The finely upholstered L-shaped seating group with a single column lift-up table.

NICE

High-end finish curtains round off the enviable interior design perfectly.

VAN TI 650 MEG . INDIAN SUMMER

COMFORTABLE

High-quality furniture in full-body design, a pivotable flat-screen TV and lovely fronts with metal handles and leather structure foil. This is the perfect symbiosis of function and design.

COOK AND ENJOY

Here you can feel the perfect balance of design and function. Large shelves, flowing forms, a practical, fold-out extension, indirect lighting, extra-wide furniture handles and numerous outlets. We have thought of everything.

INNOVATIVE

A folding extension for the worktop, which can be operated with just one hand.

TASTEFUL

Naturally a powerful 3-hob stove with piezo electric ignition cannot be omitted in the VAN TI.

PRACTICAL

Beautiful round shapes not only create a lot of storage space, but are also pleasing to the eye.

HIGH QUALITY

Spacious drawers with full extension for convenient access and room for all kinds of kitchen utensils.

KITCHEN OPTION

BRILLIANT

Even in the ultra-compact 550 MD there is room for a large kitchen unit.

VAN TI 650 MEG . INDIAN SUMMER

FABULOUS OUTLOOK

Naturally the high value from the living area is continued in the bedroom. And not only can you see that, you can also feel it. For example, with the excellent 5-zone comfort cold-foam mattress. In this lovely ambiance you're guaranteed to wake up refreshed.

CONVERTIBLE

The single beds turn into a huge double bed in no time at all by means of the pull-out centre section.

SPACIOUS

Closet under the beds with dual access and gas pressure absorbers.

FANTASTIC

The movable tray can also be suspended in other places in the VAN TI and thus be flexibly utilised.

FLEXIBLE

The practical new sliding door turns the VAN TI into a 2-room apartment in no time at all.

BED OPTION

COMFORTABLE The rear crossways bed also benefits from the 5-zone comfort cold-foam mattress.

SIMPLY WONDERFUL

A compact motorhome needs a compact bathroom. But do without a shower for that reason? Of course not. The mirror folds to the side together with the washbasin and makes way for the shower cubicle. For you we always have a real stroke of genius to hand.

PRACTICAL

Everything there that you need. A large mirror and three practical shelves for all kinds of bits and pieces.

CLEVER

Shapely, high quality and durable. This is how a good bathroom tap must be.

INGENIOUS

At first glance you might well ask where the shower cubicle actually is here. And at the second glance too actually. Well, it only becomes visible once the mirror, together with the washbasin, is folded to the side like a door.

SKY TI

OUR UNIVERSAL GENIUS

The KNAUS SKY TI is the perfect way to enjoy the sea. And thanks to the large panorama glass roof you can enjoy the sun inside. Seven spacious layout plans as well as the patented 3D en-suite bathroom provide an exceptional living ambience. It also boasts solid bodywork technology with the Pro.tec-Frame, the standard GPC roof and a GPC protective layer on the underbody. Pretty inviting, right?

- + Biggest variety of floor plans
- + Excellent value for money
- + GRP underside
- + GRP roof

POPULAR

The SKY TI is our best-seller. And there are many good reasons for that. Because from the compact holiday companion to the luxurious globetrotter with leather furnishing and air suspension, you really have countless combination options.

HIGH QUALITY

All-round aluminium strips for perfect edge protection.

ATTRACTIVE

Our Cat-Eye hybrid rear lights with LED technology.

SOLID

Well-made entrance door with integrated waste bin.

SAFE

The electric step retracts if you forget it.

PRACTICAL

The service box houses all the important connections.

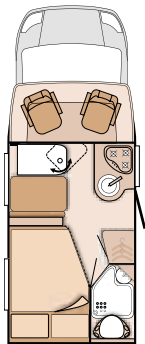

EXACT

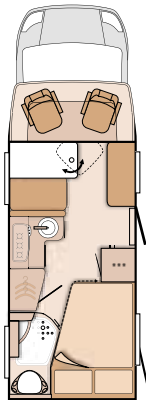

Elegant transition from the superstructure to the driver's cab.

VERSATILE

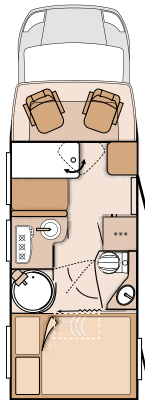

From the luxurious queen bed floor plan to the particularly compact 550 MF. The KNAUS SKY TI has the right floor plan for every holiday purpose.

KNAUS INSIGHT

Martin Dirnhofer – KNAUS joinery foreman. Every day is unique. As a foreman in the joinery, I make sure that things run smoothly in production and that the team gets along together. KNAUS gives me the opportunity to acquire training and to turn my ideas into reality.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS SKY TI at www.knaus.de/skyti or simply scan this QR code.

MADE BY EXPERTS

Of course we haven't reinvented the wheel with the KNAUS SKY TI but we have made it just a bit rounder on every corner. Many details have been covered with synthetic leather and the high-quality integral furniture with stable aluminium profile strips provide perfect rear ventilation.

SKY TI 700 MEG . ACTIVE ROCK

SKY TI 700 MEG . ACTIVE ROCK

URGE TO TRAVEL FAR COMES AS STANDARD

Let the sun shine through the large panoramic skylight and take pleasure in the fact that you are travelling in a SKY TI. From the real wood edging on the table and the optional L-shaped seating group through to the high-end upholstery. You simply feel good here.

BRIGHT

The optional skylight lets an incredible amount of sun into the SKY TI and can naturally be shaded.

SPACIOUS

Compartments in the floor and under the seat bench make the SKY TI a talented organiser.

TANGIBLE

The wood-style surfaces look good and provide a particularly pleasant feel.

PRACTICAL

We have integrated a mirror in the wardrobe. This is not just handy, it is also really nice to look at.

SKY TI 700 MEG . ACTIVE ROCK

BRILLIANT OUTLOOK

This kitchen makes culinary delights a visual treat. The LED spots reflect in the robust high-gloss worktop and so does our attention to detail in every corner. We have really done everything to make you feel good here and have thought of all the practicalities.

HOT

Whether pizza, soufflé or tenderloin. The optional oven is a must-have for chefs.

ORGANISED

Twin basket pull-outs ensure plenty of storage space and let you accommodate everything wonderfully easily.

ENORMOUS

On request, you can have 190 l space for fresh food and a separate freezer compartment.

KITCHEN OPTIONS

BED OPTIONS

LUXURIOUS

How would you like something quite special? No problem in our case. In the SKY TI, the 650 MF gives you a three quarter bed with a large sleeping area in your luggage.

EXCELLENT

Our particularly comfortable 5-zone comfort cold-foam mattresses – also available in the SKY TI.

PRACTICAL

Small details for a great motorhome. The high-quality and flexibly adjustable reading lights.

LET'S HEAR IT FOR COSINESS

We provide the best conditions and deep sleep so that you always lie comfortably. Head and center-piece have super soft lamination and are covered with the material dreams are made of. Everything finds a home in the spacious storage areas and wardrobes under the beds.

EN-SUITE BATHROOM AWAY ON TRAVEL

Comfort like at home at each of your very own favourite destinations. That was our objective. With the pivoting toilet and perfectly conceived cabinetry, we make use of every centimetre so efficiently that you have enough room for everything that you would like to take with you.

SHAPELY

You can make it an easier way, but certainly not a more attractive way. The tap in the SKY TI simply has style.

REFINED

The wood slats look refined and protect the bathroom floor from dirty shoes.

PRACTICAL

The shower with numerous storage facilities and shapely shower head ensures a good start to the day.

BATHROOM OPTIONS

SUN TI

OUR SUN SHINE

Get out of your skiing boots and into the cosy, warm KNAUS SUN TI. Our special winterproof of sun lover is the pinnacle of partial integration. Thanks to enjoyable underfloor heating and innovative double floor, even the coldest Winter is on holiday. Whilst the snow gently falls outside, the well-being inside increases in the completely new living world with unique lighting atmosphere and large panorama roof window. One can really look forward to the next ski run with this view.

+ Sophisticated cabinetry

+ Innovative double floor

+ Twin panoramic roof

+ CI-BUS control system

Ski cross world champion
JULIA EICHINGER
would always opt for
a SUN TI.

HIGH QUALITY

Welcome to the most special motorhome in its class. Because with its double floor and elaborate superstructure technology, nobody will be one up on the SUN TI anytime soon.

MODERN

Our Cat-Eye hybrid rear lights with LED technology.

ELABORATE

More storage space and optimal insulation thanks to double floor.

INNOVATIVE

The huge rear locker provides room for plenty of holiday.

SPECTACULAR

And double. The largest panoramic roof in its class.

PRACTICAL

Even better. The extra-large double floor service box.

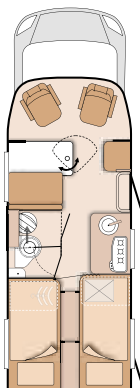

COMPACT

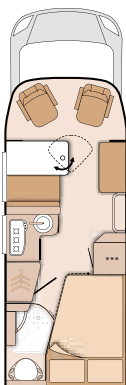

Only 2.90 m outdoor height and 2 meters of headroom.

COMFORTABLE

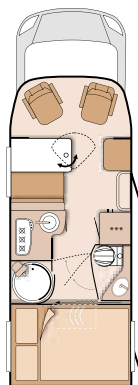

5 floor plans and many more good reasons. Whether you would prefer to sleep in a three quarter bed or in generous single beds, the SUN TI is always the right one for you.

KNAUS INSIGHT

Karin Sammer – vehicle wrapping. A sideways move from the retail trade to vehicle wrapping. And yet both activities have a lot in common. The basic requirement is a lot of patience and even more sensitivity. The aim is a happy and satisfied customer.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS SUN TI at www.knaus.de/sunti or simply scan this QR code.

REALLY GOOD DESIGN

You have high expectations? No problem. The KNAUS SUN TI will more than fulfil them. We set new standards with an interior that even makes some luxury yachts look antiquated. Of course, we again harmonize function and design. The soft-close wall units not only look very noble but also close smoothly and lock all by themselves.

PLEASANT

Furniture in elaborate integral design with rear ventilation for a perfect indoor climate.

GENTLE

The SUN TI is simply a genuine eye-catcher and features perfect functionality at the same time. The soft-close wall units close gently and the many storage facilities provide plenty of space and enable quick access.

CLEVER

The swallows' nests create storage space and fit elegantly into the curved roofline.

CENTRAL

Check the battery capacity, dim the lights in the bedroom, switch on the air conditioning and all from a smartphone? The KNAUS smartCI Bus system and the smartCI App not only make it possible, it's also child's play.

ELABORATE

Extremely high value cabinetry with double floor for cable routing, solid aluminium profiles and slide guards.

HEAVENLY OUTLOOK

From the canopy elaborately covered with synthetic leather and the shapely swallows' nest through to the roof-mounted cabinets with high-gloss finish. To name just a few details. We have given the SUN TI more highlights along the way than fit in this text. Lots more.

DREAM KITCHEN TO TAKE WITH YOU

The SUN TI is the nicest way to drive a semi-integrated vehicle. And at the same time decidedly practical: Deep sink, high tap and a particularly large work surface due to clever partitioning make cooking child's play. Not only do we think about your holiday dream. We think outside the box.

PRACTICAL

Large pull-out medicine drawer in best KNAUS quality with plenty of room for all kinds of treats.

HIGH QUALITY

Soft-close drawers with full extension for convenient access and all your kitchen utensils.

ELEGANT

The soft-close flaps close gently and lock automatically. Good solution, don't you think?

HEAVENLY

What a sight. This ambient lighting is really unbelievably extensive. But also practical. We have fitted the light strip under the work surface so that it also illuminates the open drawers.

BED OPTIONS

COMFORTABLE The queen bed with its extra-large sleeping area. And due to the central arrangement, each side of the bed even has its own wardrobe.

EXTENDED

There needs to be a bit more room for your feet tonight. No problem thanks to the folding extension.

HIGH QUALITY

A good night's sleep is important and a matter of course for us. Proof? The 5-zone comfort cold-foam mattress.

GOOD NIGHT IN 7TH HEAVEN

Really a shame that your eyes are closed most of the time here. This lounge is a real eye-catcher. The head piece as well as the side piece are both covered with very special care with wonderfully soft synthetic leather. The wall units provide lots of storage space.

SUN TI 700 MEG . ACTIVE ROCK

FEATURING ALL THE TRICKS

A good morning is part of a good day. And for this we have created the best conditions. Because the en-suite bathroom not only ensures a tremendous amount of freedom of movement but also more privacy. This is just how a wellness oasis for on the road should look.

SPACIOUS

The en-suite bathroom is home to a large shower with storage compartments and a shapely shower head.

PRACTICAL

The spacious mirrored cabinet provides lots of room for shaving foam, perfume, lipstick, etc.

ELEGANT

The LED lighting elaborately integrated in the mirror is practical and beautiful at the same time.

BATHROOM OPTIONS

SKY WAVE

OUR WAVE RIDER

It is good when one has a lowerable bed and even better when one cannot see it. Just as in the KNAUS SKY WAVE. The heavenly dream landscape is integrated perfectly in the roof and provides more than enough sleeping space at all times. It thus combines all advantages of the KNAUS SKY TI and, additionally, a very dynamic presence with its very jaunty silhouette. Always good for a wave of enthusiasm.

+ Up to 6 berths

+ Biggest lift-up bed in its class

+ Large panoramic roof

+ Over 190 cm standing room throughout

ELEGANT

And a form against the norm. The SKY WAVE is much more aerodynamic than comparable alcove models, much quieter on the road and also somewhat less often at the petrol station.

LONG-LASTING

GRP roof and floor are ready for many years' holiday enjoyment.

AMAZING

Anyone taking a closer look at the profile of the SKY WAVE will soon realise how we actually came up with the name.

NICE

Panoramic roof despite a lift-up bed? No problem at all.

COMPACT

All the important connections in one practical box.

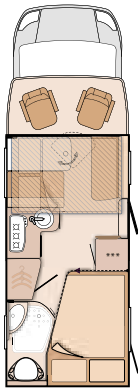

STABLE

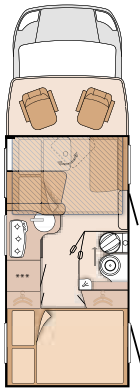

The Pro.Tec frame protects the super-structure.

SPONTANEOUS

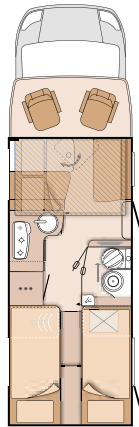

The standard lift-up bed makes the SKY WAVE a veritable family-mobile and always ready for spontaneous visits. Not to be forgotten: our 3D en-suite bathroom has also found its place.

KNAUS INSIGHT

Gerhard Fenzl – KNAUS prototype building. Being innovative every day, designing, developing and testing something new. That is my job. I have been a member of the KNAUS family now for over 24 years and am proud to be part of a company that enjoys such a high reputation in the region.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS SKY WAVE at www.knaus.de/skywave or simply scan this QR code.

SKY WAVE 650 MF . ACTIVE ROCK

THE HIGH ART

All good things come from above. The largest lowerable bed of its class provides heavenly sleeping comfort at night and lights up the spacious seating group in the evening. Thanks to an elaborate mechanism, the overall head room is above 190 cm.

We think a bit further at every corner for you.

A PURE DELIGHT

A lift-up bed often seems like a foreign object in the living space of a motorhome. With us it looks different. And naturally better. Because with the SKY WAVE, the bed is perfectly integrated, elaborately covered with synthetic leather and fitted with wood inserts and halogen spotlights.

ERGONOMIC

Perfect accessible light switches and particularly comfortable seats are always a joy.

ATTENTION TO DETAIL

Extra storage compartments and an access point to the chassis elaborately covered with synthetic leather.

HIGH VALUE

The wood-style surfaces and metal handles not only look good, they naturally also feel it.

ELECTRIFYING

The USB sockets for smartphone, tablet, MP3 player etc. are simply practical.

WONDERFUL

A semi-integrated motorhome with a panoramic roof and lift-up bed is a challenging task for the engineers. And because ours are really good, they can enjoy the sun in the SKY WAVE. Without being covered by the lift-up bed.

KITCHENOPTION

EXCELLENT

We have many strengths. And furniture design is definitely one of them. Nice round shapes ensure plenty of storage space and look wonderfully elegant. And naturally also in the SKY WAVE: integral design for optimal rear ventilation.

SINK

Extra deep and made of stainless steel. This makes it practical, looks good and feels high quality.

HOT

The 3-hob stove with cast-iron pan support is positioned so that there is a large work surface in front of it.

JOY OF COOKING

What makes a really good kitchen? Plenty of storage space in the wall units and large drawers that open fully as well as boast a practical soft-close function. And a cooker that can easily accommodate even large pans. The dream kitchen is ready and waiting in the KNAUS SKY WAVE.

SKY WAVE 650 MF . ACTIVE ROCK

FALL ASLEEP SUPERBLY

Alarm clocks are banned from the KNAUS SKY WAVE. Because if you have the chance to sleep on this particularly high-quality 5-zone comfort cold-foam mattress, you really should make full use of it. But even with your eyes open you will feel great here. Guaranteed.

SPACE WIZARD

The lift-up bed is 140 cm wide across its whole length. It also moves down further than any other. And we swear by our excellent 5-zone comfort cold-foam mattresses.

CLEVER

There needs to be a bit more room for your feet tonight. No problem thanks to the folding extension.

FLEXIBLE

Also available in the SKY WAVE: our high-quality and flexibly adjustable reading lamps.

BED OPTIONS

COMFORTABLE

The single beds turn into a large sleeping area if needed by means of the pull-out middle section.

BATHROOM OPTIONS

CLEVER

The washbasin gets wider towards the front so that every millimetre is used to the best effect.

COMFORTABLE

It never gets uncomfortable on a cassette toilet. Thanks to a great deal of space to move around.

FOLD AWAY

So where is the shower cubicle? Here of course. The mirror and washbasin simply fold away to the side.

BRING ON THE WATER

The most sophisticated solutions are usually also the best. The fact that you quickly fold the washbasin including mirror to the side like a door and use the full-fledged shower partition for showering is sure to impress. We really do know every trick in the book.

SKY TRAVELLER

OUR FAMILY RESIDENCE

When your small adventurers want to explore the world, we have the ideal solution.

The KNAUS SKY TRAVELLER. Its alcove provides space for a family-friendly twin dinette which can be converted quickly into a comfortable bed for two further holidaymakers. Always on board: Space for five passengers looking for relaxation. The SUPERLIGHT version even provides an impressive six sleeping places and still weighs under 3.5 t. You're probably asking how much so much free space costs? Our accountant said: Not enough.

+ Double dinette

+ 6 berths, less than 3.5 t

+ 6 belted seats

+ Alcove with rear ventilation

SPACIOUS

A motorhome with an alcove is simply ideal for families. And our SKY TRAVELLER is first choice guaranteed. Because after over 25 years of the model's history, we know what matters.

STURDY

Pro.tec frame all round and extra reinforcement on the alcove.

STYLISCH

Our Cat-Eye hybrid rear lights with LED technology.

PROTECTED

Everyone is happy when the sun shines. And if you would like to cool off a bit, then simply pull out the awning.

PRACTICAL

Thanks to the GRP roof, the horror is taken out of hail showers.

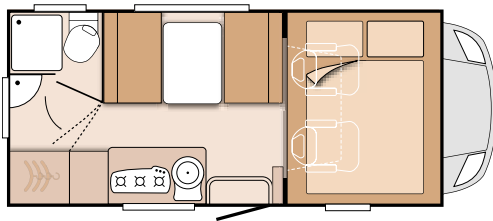

RESISTANT

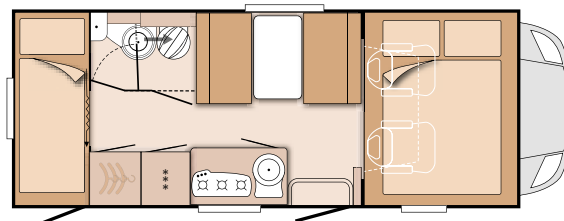

Solid aluminium side panels protect the build.

FAMILY-FRIENDLY

In the 600 DKG and 650 DG models, the SKY TRAVELLER is perfect for families. The ultra-compact 500 D version is an interesting alternative for couples.

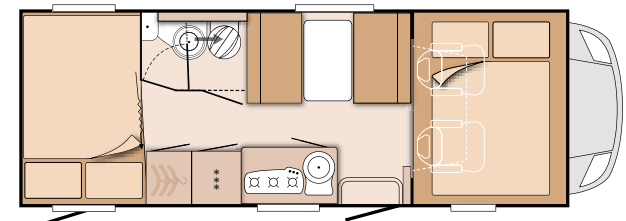

SKY TRAVELLER
650 DG SUPERLIGHT

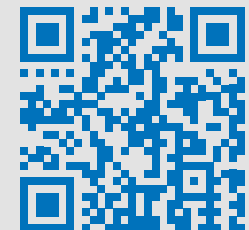

KNAUS INSIGHT

Patricia Wilhelm – KNAUS marketing team assistant. The fact that I can do my training at KNAUS is, of course, great. Whenever I see one of our motorhomes, I think back to the many nice holiday stories that our customers have experienced with their vehicles.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS SKY TRAVELLER at **www.knaus.de/skytraveller** or simply scan this QR code.

HIGH AND MIGHTY

What is decisive for a motorhome for families? Correct, loads of room to move. And the KNAUS SKY TRAVELLER has more than enough. The alcove not only provides a super roomy feeling and plenty of headroom, it is also a large playing area for the kids at the same time.

PRACTICAL

Easy access to the alcove bed and optimal locking of the ladder for a safe climb up.

FOLD AWAY

Apart from on the SKY TRAVELLER 650 DG SUPERLIGHT, the bed in the rear ventilated and heated alcove can be folded away in all versions. That ensures an airy feeling of space and an impressive standing height of 218 cm.

SPACE-SAVING

We are proud of our excellent cabinetry. And there are plenty of reasons for that. For example, we have fitted the supply technology in the SKY TRAVELLER so cleverly that you have more storage space and more room to move in.

GOOD-LOOKING

The flat-screen television brings the world's events to the SKY TRAVELLER even on your travels.

REFINED

The wood-style surfaces with high-quality metal handles look good and feel it too.

FAMILY MEETING PLACE

Besides the alcove, the SKY TRAVELLER differs from its siblings on one other point. This is the only one to feature a double dinette, where the whole family finds its favourite spot. And of course couples will also enjoy the higher amount of space.

LARGE KITCHEN ON WHEELS

Holiday makes you hungry. And cooking is fun. The kitchen is made perfectly and arranged clearly. The adjustable halogen spots and the LED light strip give you the lighting. Even large families are full up and satisfied in not time at all.

ORGANISED

The large drawers with practical full extension are ready for many years' holiday action.

PRACTICAL

Design meets function. The shapely and colour contrasting shelf also houses a socket.

HUGE

Refrigerator with 190 l on request for fresh ingredients and separate freezer compartment.

KITCHENOPTION

SKY TRAVELLER 650 DG SL . BLUE MARINE

WELCOME TO SLUMBERLAND

What is important when it comes to a bed in the alcove? It must be heated and rear ventilated for a pleasant indoor climate. And naturally it should also be at least 150 cm wide and 200 cm long and have a 5-zone comfort cold-foam mattress.

FLEXIBLE

Those for whom four berths are not enough can simply convert the seating group into an additional bed. On an area of 176 x 100 cm, two small or one big holiday adventurers will thus comfortably find a place to sleep for the night.

THOUGHT THROUGH

By means of a hatch in the partition, the top side of the roof-mounted cabinets easily turns into a bedside table for the occupants of the alcove bed. And it even has its own socket for a smartphone, tablet or similar appliances.

BED OPTIONS

HUGE

Wonderfully relaxing. With maximum space to move around on an area of 212 x 137 cm.

EXCITING

Playing, frolicking, climbing. There is nothing better than a bunk bed.

BATHROOM OPTION

INGENIOUS The bathroom option with the folding mirrored cabinet that turns into a shower cubicle.

EFFICIENT

The swivel cassette toilet makes ideal use of the space created by the movable washbasin.

HIGH QUALITY

Looks like at home and also works just as well. The shapely shower head in the SKY TRAVELLER.

FLEXIBLE

If a compact bathroom is expected to be equipped in absolutely full-fledged fashion, then it needs lots of good ideas. And that is what we have: the washbasin and tap move to the side, thus easily making room for the toilet.

ALL SINGING ALL DANCING

Flexibility is the answer for up to 6 persons and one bathroom. And the KNAUS SKY TRAVELLER bathroom offers exactly this. The movable washbasin makes room for the toilet and sliding it back makes room for a shower. Isn't that simply ingenious?

VAN I

OUR LIGHT WEIGHT

Building the KNAUS VAN I is not light work – but the van itself feels it. Efficient light construction and highest material quality make it possible. It impresses with its automotive design and a unique lowerable bed construction for maximum headroom. It therefore combines a gigantic roomy feeling with especially easy access. Just one thing we cannot offer: Compromises.

+ Ultra-compact

+ Lightest in its class

+ Automotive design

+ Panoramic windscreen

SHAPELY

Low fuel consumption and higher payload, those were our aims. That is why we saved over 120 kg on the VAN i. And not by leaving things out, but by intelligent vehicle construction.

DYNAMIC

GRP mouldings create a dynamic roofline.

ELABORATE

The exterior doors with single-handed operation feature.

AUTOMOTIVE

Dynamic bumpers with integrated fog lamps.

PERFECT

Especially developed for the VAN i. The wind-screen wiper system.

PRACTICAL

The service box houses all the important connections.

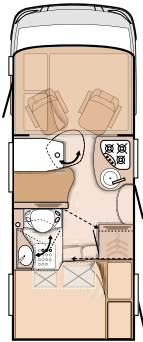

INNOVATIVE

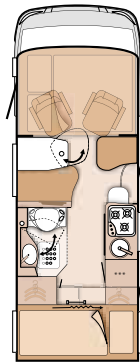

The extra-large rear locker provides room for plenty of holiday.

FLEXIBLE

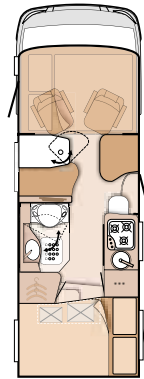

Thanks to the lift-up bed fitted as standard, the VAN i is always ready for spontaneous overnight guests. In the 580 MK version, as of now it also comes with the popular single bed or bunk bed in the rear.

KNAUS INSIGHT

Jürgen Thaler – KNAUS Project Manager for the VAN i and VAN TI. KNAUS provides a working environment that is unmatched in terms of variety. Together with my committed colleagues, I repeatedly face new challenges, such as saving weight without leaving anything out.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS VAN I at www.knaus.de/vani or simply scan this QR code.

A PURE DELIGHT

Compact outside, splendid inside. There is no way to use space better than in the KNAUS VAN I. And hardly more pleasant anyway. Lots of chrome, real metal and elaborately worked leather structure foil create a superb living ambience. The large panorama front window lets in lots of light.

LIKE LIVING IN SEVENTH HEAVEN

Spacious seating group, refined real wood edging on the table, elaborately designed integral furniture with effective rear ventilation for a pleasant indoor climate and a lift-up bed perfectly integrated in the living space. This is how a motorhome must be. And that is also why we made the VAN i exactly that way.

ATTENTION TO DETAIL

Wood-style surfaces and leather texture foil create a classic ambience.

ECONOMICAL

We have integrated LED spotlights in the lift-up bed for optimal illumination in the living space.

COMFORTABLE

Elaborately finished and upholstered to a high quality, for many lovely evenings with friends or as a couple.

FLEXIBLE

The table that can be extended in no time at all, always fits perfectly in your every day holiday life.

VAN I 650 MEG . INDIAN SUMMER

COMFORTABLE

Travelling is made a pure pleasure on the captain seats. We have taken pains to optimise them ergonomically, so that you arrive relaxed at your dream destination even after many hundreds or thousands of kilometres.

KITCHEN VERSION

SLIMLINE

The new slim-tower refrigerators save plenty of room, thus allowing a full-fledged wardrobe.

TAP

Looks great and is equally well finished. The high-quality kitchen tap in the VAN i.

DURABLE

A worktop so high quality that it still looks new after many years.

CUISINE ON WHEELS

Nonstop creation of culinary treats. The huge drawers that open fully and with a soft-close function help you here. As does the easy-to-clean worktop with a side extension and especially stable metal hinges. Cooking is simply fun in this kitchen.

STABLE

A folding extension for the worktop is - admittedly - not really an innovation, but there are differences. For instance, in our case the extension not only comes out extremely stably, it can also be operated with one hand.

SINGLE OR DOUBLE BED?

Or simply both? The pull-out middle section turns the single beds into a large double bed in no time at all. It is a shame really that a night in the VAN i on the outstanding 5-zone comfort cold-foam mattresses has to come to an end at some point.

PRACTICAL

The particularly spacious wardrobe ensures the best looks even on the road.

HEAVENLY

There needs to be a bit more room for your feet tonight. No problem thanks to the folding extension.

MASTERLY

Elaborate integral design and a lot of storage space. This is what modern cabinetry must look like.

PLEASANT

Simply lean back. And enjoy the wonderfully soft headrests carefully covered with fabric.

BED OPTIONS

PRACTICAL

The lift-up bed (180 x 150 cm) moves particularly far up and down.

EFFICIENT

Under 6 m long and nevertheless a bed measuring 200 x 132 cm. In the 550 D of course.

HIGH QUALITY

What can be nicer than immediately getting into the shower after a short hike? That is why we set great store by a full-fledged shower in the VAN i and equipped it with a shapely shower head in household quality.

ILLUMINATED

The large skylight in the bathroom not only ensures that fresh, dry air finds its way back into the VAN i straight after showering, but also provides particularly pleasant daylight. Everything good does come from above.

START THE DAY WITH ZEST

A full-fledged bathroom is even available in the compact VAN i. With one little trick: the movable washbasin makes way for the toilet and to shower you just move it back. Isn't that simply ingenious?

SKY I

OUR SPACE GLIDER

The huge panorama windscreen of the KNAUS SKY not only provides a breathtaking view but also looks good itself. Thanks to the space-saving double floor with GPC underside, even the deepest winter presents no problems. Thanks to the combination of efficient light design and large storage space, even the largest piles of luggage are stowed safely and easily. Others travel to visit attractions, you take one with you.

+ Impressive appearance

+ Double floor with GRP protective layer

+ Automotive design

+ Panoramic windscreen

SENSATIONAL

The SKY i is really an impressive apparition. Climb aboard and enjoy the view from the huge panoramic windscreen.

1

LONG-LASTING
GRP on top, underneath and plenty of atmosphere between them.

2

PRACTICAL
The locker for the gas bottles is particularly easy to reach.

3

DYNAMIC
Thanks to the automotive front and sporty style.

4

NICE
The daytime driving light perfectly integrated in the front panel.

5

INGENIOUS
And practical. The extra-large double floor service box.

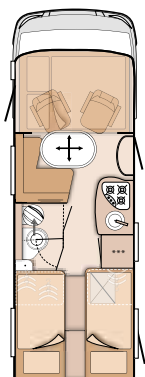

6

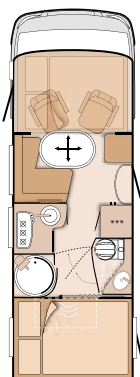

INNOVATIVE
The extra-large rear locker provides room for plenty of holiday.

WANDERLUST

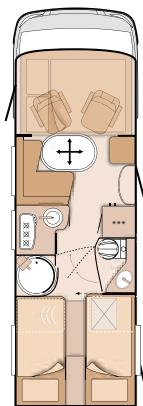

Get in and drive off. Even when stationary, the SKY i makes you want to take the next big trip. No matter where it goes, it is always an excellent companion.

KNAUS INSIGHT

Karl Göttl – KNAUS motorhome final inspection. Only when I give the OK do all the many individual parts turn into a genuine KNAUS. Because I am a camper myself, I know exactly what matters. I assess every vehicle as if it were my own, so that you experience what genuine KNAUS quality means.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS SKY i at www.knaus.de/skyi or simply scan this QR code.

TRAVEL FIRST CLASS

Even rainy days are enjoyable in this exclusive ambience. The KNAUS SKY I provides a bit more of everything. It is the perfect companion everywhere you go and gives you the good feeling of having treated yourself to something special. A pleasant breath of luxury can be felt.

ERGONOMIC

Travelling is made a pure pleasure on the comfortable captain seats.

SENSATIONAL

Anyone who travels in the SKY i travels in one of the most beautiful motor-homes of all. You notice that by the many small and bigger details, such as the new light canopy with atmospheric ambient lighting.

INNOVATIVE

Thanks to the CI-Bus system, you can control the lights, heating and lots more from here or even from a smartphone.

WONDERFUL

Thanks to the electric roller blinds, the heat stays in the KNAUS SKY i and inquisitive looks remain outside.

GENTLE

The shapely soft-close doors close wonderfully elegantly and lock by themselves.

ELEGANT

The flat-screen television disappears behind the sideways seat bench in no time at all.

A COMPLETELY NEW DREAMLIKE FEELING

Plenty of space, wonderfully comfortable upholstery and lots of natural light. In addition, materials that feel even better than they look, and a bright, friendly colour concept. People not only like travelling in the SKY i, but do so with passion. And all year long if they can.

COOKING PLEASURE ON YOUR TRAVELS

In the SKY i, the highest demands meet good taste. Because here, the large work surface, the wide soft-close drawers with full extension and the shapely shelf underneath the roof-mounted cabinets ensure that you do not boil with rage but cook out of passion.

ATMOSPHERIC

The ambient light system not only looks attractive but also lights up the open drawers.

HIGH GLOSS

And at the same time extraordinarily tough. The easy-to-clean worktop in the KNAUS SYK i.

HOT

Holiday makes you happy and movement makes you hungry. That is why a high quality 3-hob stove is ready for action in the SKY i. The cast-iron pan support makes cooking fun. Steaming and roasting too, however.

KITCHEN OPTION

SKY I 700 LX . INDIAN SUMMER

VERY GOOD NIGHT

The sun goes down, our concept comes up. We have only succeeded if you get optimum relaxation on your holiday and even look forward to your big bed during the day. That should be no problem in this lovely ambiance.

HEAVENLY

The spacious lift-up bed measuring 185 x 150 cm offers simply heavenly sleeping comfort. For convenient access it moves down to an unparalleled height of around a metre.

PRACTICAL

We have also put a large and easily accessible wardrobe in the SKY i.

NICE

And really practical. The swallows' nests on the right and left are happy to take all kinds of bits and pieces.

BED OPTION

ROYAL

The rear crossways bed with its large sleeping area is certainly the most luxurious way to sleep.

BATHROOM OPTION

REFRESHING

The large shower with a water-proof LED spotlight, so that you definitely will not be groping around in the dark.

SPACIOUS

Plenty of room is also a form of luxury. And indeed a form that the SKY i masters excellently.

SHAPELY

Sometimes you expect that little bit extra when on holiday. For example a designer tap.

SIMPLY WONDERFUL

Water in its most beautiful form. That is what it's all about in the KNAUS SKY i. The refined high-gloss washstand, with its practical shelf area and shapely washbasin, ensure relaxation in the morning, in the evening and naturally in between. This lets you enjoy home-like convenience at all your favourite holiday destinations.

A BIT MORE OF EVERYTHING

How does a SKY i actually become a SKY i PLUS? With even higher quality design and exclusive materials. Beautifully curved lines together with exquisite real wood veneers create an unparalleled living composition. A genuine dream motorhome in fact.

ELEGANT

Refined-gloss front panels and a beautiful wood texture. That is tangibly good design.

ERGONOMIC

Perfect accessible light switches and a particularly comfortable seat bench are a joy.

SKY I PLUS 700 LEG . TORONTO

SENSATIONAL

Holiday is the nicest time of the year. And how better could you spend this time than being fully free and unbound in such an excellent motorhome. Imagine travelling along picturesque mountain roads and taking a short break to enjoy the beautiful Alpine panorama. We built the SKY i Plus for such moments.

GOOD TASTE AS STANDARD

There was really nothing to improve on the kitchen in the SKY i. So in the SKY i PLUS we just made it a bit more refined.

GENTLE

From the luxury kitchen straight into the SKY i PLUS. Our high quality soft-close drawers.

BEAUTIFUL

And at the same time easy to clean, of course. That is our aspiration. Perfectly combine function and design.

SKY I PLUS 700 LEG . TORONTO

WONDERFUL AMBIENCE

Take the best from the SKY i and add an extra portion of exclusivity and good design. Sounds like a recipe but is actually a poem.

ATTRACTIVE

Of course the curtains in the SKY i PLUS are every bit as good as the exclusive furnishings.

ELEGANT

Naturally we have also equipped the roof-mounted cabinets with our new soft-close system.

EVERY TRICK IN THE BOOK

It is a pleasure to be in this bathroom every morning, every evening and probably also a few times in between. Enjoy the numerous high-quality details, the option of closing the door to the living space at any time and making use of the en-suite bathroom's full freedom of movement.

THE PLUS MAKES THE DIFFERENCE

Because the Toronto interior only comes in precisely one of our motorhomes. The SKY i PLUS. With a particularly elaborate design and high-quality finish, it underlines the luxurious claim and even feels a little bit better than it looks.

SUN I

OUR LUXURY LINER

The motto for the SUN i is really quite simple: The best of everything and always a bit more than you actually need. Our best women and men, in over two years of hard and meticulous work, have created a motorhome that is unparalleled and sets new standards.

A motorhome by passionate enthusiasts for genuine connoisseurs. And: a genuine KNAUS.

+ 32 inch LED TV

+ Electrically extendable floor compartment

+ Real glass shower

+ Outdoor entertainment system (optional)

SPECTACULAR

So where should we start? The SUN i is simply an impressive apparition from the first to the last millimetre. And its design truly stands out from other liners.

ELABORATE

The reversing camera is perfectly integrated in the rear.

PERFECT

Have you ever seen a better looking rear on a motorhome?

INNOVATIVE

An LED flat-screen for outside? Why not?

ELEGANT

LED daytime running lights with continuous strip light.

DYNAMIC

The single frame radiator grille with stylish surround.

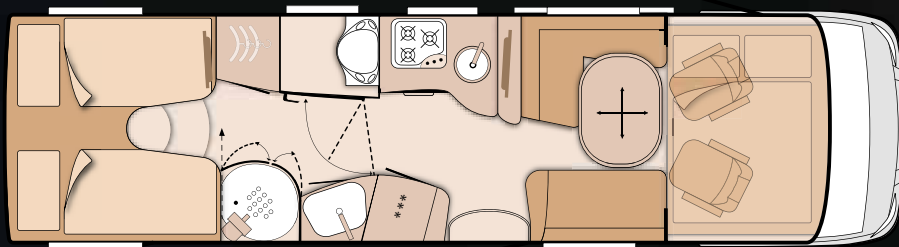

DOUBLE

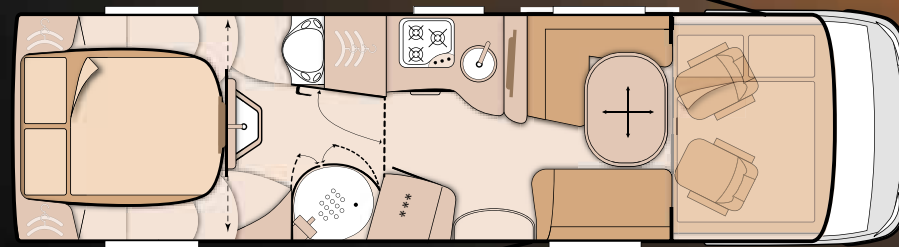

Optimal straight driving and outstanding tracking stability.

LUXURIOUS

Two floor plans. One with the lovely curved lengthways single beds and one with the large queen bed. But always with the unique feeling of space and plenty of love for the motorhome.

SUN I
900 LEG

SUN I
900 LX

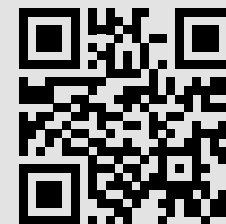

KNAUS INSIGHT

Kurt Wachtveitl – KNAUS SUN I Project Manager. My team and I, with lots of attention to detail, creativity and commitment during a development period of over two years, have developed a motorhome that sets completely new standards – and not only in terms of innovation and high value.

WEB INFOS

All highlights at a glance. Have we aroused your interest? We are delighted. Find out more about the KNAUS SUN i at www.knaus.de/suni or simply scan this QR code.

IN A NEW LIGHT

Simply fascinating. Superlatives are unavoidable as soon as you approach the SUN i. Starting with the stylish floor in yacht finish and the extravagant lounge through to the most beautiful and elaborate ambient lighting that a motorhome has ever seen. And the best bit: this lighting can even be controlled via your smartphone, tablet or similar appliances.

VISION FULFILLED

Climb aboard and preferably drive off immediately. Say goodbye to the daily routine and experience your favourite destinations in a completely different way. Soft leather, refined-gloss front panels and an outstanding finishing quality make the SUN i your perfect companion.

WONDERFUL

The large glass cabinet with indirect lighting and a full range of glasses.

SECURE

Part of your holiday is also having the feeling that all your valuables are safely locked away.

LUXURIOUS

Produced extremely precisely out of moulded foam and elaborately quilted, this exclusive lounge is really almost too nice to use. Our advice to you: do it anyway. It is worth it.

SUN I 900 LEG . DARK COFFEE

SPECTACULAR

So where is the television here? It is hidden in the backrest of the seating group and pops out at the press of a button. Although that is not the easiest solution and certainly not the cheapest, it is by far the most elegant.

AWARD-WINNING KITCHEN FOR YOU

Most star-rated restaurants are in France. But the best kitchens come from Germany. And this one also follows you around everywhere. Whether it is the spin-flow hobs, soft-close roof-mounted cabinets and drawers or the lighting ensemble – everything here is first class.

FORTHCOMING

The likes of this have never been seen. A floor storage compartment that moves 40 cm towards you at the push of a button. Why has no one else thought of that? Because we have the drive to look for new directions and the courage to follow them.

ELEGANT

These draws are the most attractive place to store your pans thanks to the elaborate lighting and invisible handles.

BEAUTIFUL

You can even make design highlights out of kitchen shelves. And they are functional at the same time.

PRACTICAL

A medicine drawer is the best way of making optimal use of every corner. So we have fitted one.

ROYAL

Storage place cannot be replaced with anything apart from even more storage space. That is why we have equipped the SUN i with a full-fledged wardrobe, which easily accommodates clothing for many weeks of wanderlust.

ELABORATE

And really nice to look at. The drawers are perfectly integrated in the bed access area. We make perfect use of every corner so that you do not have to think about what should stay at home when packing.

NICE

Elegant and practical. The swallows' nests are an homage to our glorious history and, together with the elegant play of light, simply result in a wonderful ambience. And of course additional storage space.

SWEET DREAMS

Beautiful, elegantly curved mattresses, refined-gloss front panels, atmospherically illuminated swallows' nests and a shapely light canopy. The SUN i is a feast for the eyes. Even if you don't actually have them open here most of the time.

SUN i 900 LEG . DARK COFFEE

AS GOOD AS AT HOME

Because apart from a bathtub, here you simply have everything on board that makes holiday life better. From the round real glass shower with high-quality acrylic tray and the wall cladding with elaborate slate texture through to the shapely bathroom tap.

ELEGANT

Why is there a light in the mirror?
Because it is functional and because it looks simply breathtaking.

WONDERFUL

The drain is integrated flush in the GRP washbasin. This demonstrates excellent design down to the last detail.

EXCELLENT

What is better than a perfect bed version and perfect bathroom? Correct. Two perfect bathrooms and two perfect bed versions. We let you put together your very own dream motorhome. With the queen bed floor plan, the washbasin is at the foot end in the middle, with the single beds it is housed in the toilet space. That is how simple it is.

FOR EVERY TASTE

We have high-quality and perfectly finished upholstery options at your disposal. The ACTIVE LINE boasts even impresses with its special dirt-repellent fabric. As a result, the horror is soon taken out of any accident with red wine. And that is not just empty talk, we have tried it out ourselves.

Our fabrics are:

- + tested to Ökotex Standard 100
- + anti allergic
- + breathable
- + kind to the skin
- + durable and easy to clean
- + tested to a high colour fastness level

CHECKLIST MOTORHOMES

On over 100 pages we tell you that we build unrivalled motorhomes and on the last page we advise you to: compare nevertheless. We want you to be sure that at KNAUS, you always get the best motorhome at the best price. And that we not only follow the crowd, but go the extra mile.

STRUCTURE

- + **Multifunctional Double floor**, in the KNAUS SKY i and the revolutionary semi-integrated SUN TI.
- + **Intelligent lightweight construction** with high-tech materials and the latest joining technology.
- + **Pro.tec frame**, perfectly bonded roof/sidewall joint, protected by sturdy aluminium.

DRIVING COMFORT

- + **Wide gauge chassis** standard on all models, apart from the compact van series.
- + **Air suspension** on the rear axle for more driving comfort and safety. Available on all models.
- + **Ergonomic cockpit** with individual and additional ventilation ducts on the fully integrated models.

TECHNOLOGY

- + **Suitable for winter**, because we install all pipes skilfully so they are frost-proof.
- + **Unique service box** for all the important connections, drain valves and the power supply.
- + **CI-Bus system**, so that you have control of everything from the battery charge to the air conditioning system.

LIVING

- + **Ergonomic seating upholstery** with high quality cold-foam core and effective stain protection.
- + **Furniture in integrated design** for unparalleled stability and high value down to the smallest detail.
- + **Rear ventilated storage cupboards** to prevent condensation and for an ideal indoor climate.

COOKING

- + **Solid cast iron pan support** for unparalleled stability on the stove. With piezo ignition as standard.
- + **Soft-close drawers** with automatic locking and full extension. Naturally in household quality.
- + **Extra-deep sink** so that you can even fill and rinse tall pans conveniently.

SLEEPING

- + **5-zone comfort cold-foam mattresses** for perfect and restful sleep at any holiday destination.
- + **Disc-shaped slatted frame** with point elastic suspension for outstanding ergonomics.
- + **Huge folding alcove** with clever rear ventilation for an excellent indoor climate over 201 x 158 cm.

CARE

- + **Chrome-plated stainless steel taps** in household quality for the very best comfort on your travels.
- + **Movable washbasin** so that space is even created where there is not really any room.
- + **3D en-suite bathroom** for a wide gangway with open lines of sight and a spacious bathroom.

This catalogue represents the latest series versions at the time of printing. Modifications in design and equipment after printing, especially due to changes in legal framework conditions, are excepted. Please note that some of the Figures in this catalogue show alternative designs or optional equipment deliverable at extra cost. Colour deviations are possible due to print technology. Please obtain comprehensive information on the current state of the series from an authorised brand dealer before purchasing a vehicle. The decoration shown in the catalogue is not part of the scope of delivery. Please also observe the information in the current price list, especially concerning weights, payload options and tolerances. Copying, including extracts, is prohibited without previous written approval of Knaus Tabbert GmbH. Printing errors and errors excluded.
